Federal Rule of Civil Procedure 45(c), (d), (e), and (g) (Effective 12/1/13)
(made applicable in bankruptcy cases by Rule 9016, Federal Rules of Bankruptcy Procedure)

(c) Place of compliance.

(1) *For a Trial, Hearing, or Deposition.* A subpoena may command a person to attend a trial, hearing, or deposition only as follows:

- (A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or
- (B) within the state where the person resides, is employed, or regularly transacts business in person, if the person
 - (i) is a party or a party's officer; or
 - (ii) is commanded to attend a trial and would not incur substantial expense.

(2) *For Other Discovery.* A subpoena may command:

- (A) production of documents, or electronically stored information, or things at a place within 100 miles of where the person resides, is employed, or regularly transacts business in person; and
- (B) inspection of premises, at the premises to be inspected.

(d) Protecting a Person Subject to a Subpoena; Enforcement.

(1) *Avoiding Undue Burden or Expense; Sanctions.* A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The court for the district where compliance is required must enforce this duty and impose an appropriate sanction — which may include lost earnings and reasonable attorney's fees — on a party or attorney who fails to comply.

(2) *Command to Produce Materials or Permit Inspection.*

(A) *Appearance Not Required.* A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.

(B) *Objections.* A person commanded to produce documents or tangible things or to permit inspection may serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing or sampling any or all of the materials or to inspecting the premises — or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

- (i) At any time, on notice to the commanded person, the serving party may move the court for the district where compliance is required for an order compelling production or inspection.
- (ii) These acts may be required only as directed in the order, and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance.

(3) *Quashing or Modifying a Subpoena.*

(A) *When Required.* On timely motion, the court for the district where compliance is required must quash or modify a subpoena that:

- (i) fails to allow a reasonable time to comply;
 - (ii) requires a person to comply beyond the geographical limits specified in Rule 45(c);
 - (iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or
 - (iv) subjects a person to undue burden.
- (B) *When Permitted.* To protect a person subject to or affected by a subpoena, the court for the district where compliance is required may, on motion, quash or modify the subpoena if it requires:
- (i) disclosing a trade secret or other confidential research, development, or commercial information; or

(ii) disclosing an unretained expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study that was not requested by a party.

(C) *Specifying Conditions as an Alternative.* In the circumstances described in Rule 45(d)(3)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:

- (i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and
- (ii) ensures that the subpoenaed person will be reasonably compensated.

(e) Duties in Responding to a Subpoena.

(1) *Producing Documents or Electronically Stored Information.* These procedures apply to producing documents or electronically stored information:

(A) *Documents.* A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.

(B) *Form for Producing Electronically Stored Information Not Specified.* If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it is ordinarily maintained or in a reasonably usable form or forms.

(C) *Electronically Stored Information Produced in Only One Form.* The person responding need not produce the same electronically stored information in more than one form.

(D) *Inaccessible Electronically Stored Information.* The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) *Claiming Privilege or Protection.*

(A) *Information Withheld.* A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:

- (i) expressly make the claim; and
- (ii) describe the nature of the withheld documents, communications, or tangible things in a manner that, without revealing information itself privileged or protected, will enable the parties to assess the claim.

(B) *Information Produced.* If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information under seal to the court for the district where compliance is required for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

...

(g) *Contempt.* The court for the district where compliance is required — and also, after a motion is transferred, the issuing court — may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena or an order related to it

4. Unless otherwise specified, produce documents that were created, modified, or existing during the Applicable Period.

5. If any document, or any part thereof, is not produced based on a claim of attorney-client privilege, work-product protection, or any other privilege, subject to an agreement otherwise, then in answer to such Request or part thereof, for each such document, You must provide a log that:

- ii. inadvertent production or disclosure of any document or other material otherwise protected by the attorney-client privilege, work-product protection or a joint defense/common interest privilege (Paragraph 14 of the Litigation Protective Order).

FORMAT OF PRODUCTION

1. All documents produced to the Trustee shall be provided in either native file (“native”) or single-page 300 dpi-resolution group IV TIF format (“tiff”) format as specified below, along with appropriately formatted industry-standard database load files, and accompanied by true and correct copies or representations of unaltered attendant metadata. Where documents are produced in tiff format, each document shall be produced along with a multi-page, document-level searchable text file (“searchable text”) as rendered by an industry-standard text extraction program in the case of electronic originals, or by an industry-standard Optical Character Recognition (“ocr”) program in the case of scanned paper documents. Searchable text of documents shall not be produced as fielded data within the “.dat file” as described below.

2. Database load files and production media structure: Database load files shall consist of: (i) a comma-delimited values (“.dat”) file containing production document identifier information, data designed to preserve “parent and child” relationships within document

“families,” reasonably accessible and properly preserved metadata (or bibliographic coding in the case of paper documents), custodian or document source information; and (ii) an Opticon (“.opt”) file to facilitate the loading of tiff images. Load files should be provided in a root-level folder named “Data,” images shall be provided within a root level “Images” folder containing reasonably structured subfolders, and searchable text files shall be provided in a single root-level “Text” folder. If any of the documents produced in response to these requests are designated as confidential pursuant to the Litigation Protective Order, in addition to marking the documents with the brand “CONFIDENTIAL” or branding the media with the word “CONFIDENTIAL,” also include a confidential field within the load file, with a “yes” or “no” indicating whether the document has been designated as confidential, as well as native file loading/linking information (where applicable).

3. Electronic Documents and data, generally: Documents and other responsive data or materials created, stored, or displayed on electronic or electro-magnetic media shall be produced in the order in which the documents are or were stored in the ordinary course of business, including all reasonably accessible metadata, custodian or document source information, and searchable text as to allow the Trustee, through a reasonable and modest effort, to fairly, accurately, and completely access, search, display, comprehend, and assess the document’s true and original content.

4. Emails and attachments, and other email account-related Documents: All documents and accompanying metadata created and/or stored in the ordinary course of business within commercial, off-the-shelf email systems including, but not limited to, Microsoft Exchange™, Lotus Notes™, or Novell Groupwise™ shall be produced in tiff format, accompanying metadata, and searchable text files or, alternately, in a format that fairly,

accurately, and completely represents each document in such a manner as to make the document(s) reasonably useable, manageable, and comprehensible by the Trustee.

5. Documents and data created or stored in or by structured electronic databases:

With the exclusion of email and email account-related documents and data, all documents and accompanying metadata created and/or stored in structured electronic databases or files shall be produced in a format that enables the Trustee to reasonably manage and import those documents into a useable, coherent database. Documents must be accompanied with reasonably detailed documentation explaining each document's content and format, including, but not limited to, data dictionaries and diagrams. Some acceptable formats, if and only if provided with definitive file(s), table(s), and field level schemas include:

- a) XML format file(s);
- b) Microsoft SQL database(s);
- c) Access database(s); and/or
- d) fixed or variable length ASCII delimited files.

6. Spreadsheets, multimedia, and non-standard file types: All documents generated or stored in software such as Microsoft Excel or other commercially available spreadsheet programs, as well as any multimedia files such as audio or video, shall be produced in their native format, along with an accompanying placeholder image in tiff format indicating a native file has been produced. A "Nativelink" entry shall be included in the .dat load file indicating the relative file path to each native file on the production media. To the extent the party has other file types that do not readily or easily and accurately convert to tiff and searchable text, the party may elect to produce those files in native format subject to the other requirements listed herein.

Native files may be produced within a separate root-level folder structure on deliverable media entitled "Natives."

7. "Other" electronic Documents: All other documents and accompanying metadata and embedded data created or stored in unstructured files generated by commercially available software systems (excluding emails, structured electronic databases, spreadsheets, or multimedia) such as, but not limited to, word processing files (such as Microsoft Word), image files (such as Adobe .pdf files and other formats), and text files shall be produced in tiff and searchable text format in the order the files are or were stored in the ordinary course of business.

8. Paper Documents: Documents originally created or stored on paper shall be produced in tiff format. Relationships between documents shall be identified within the .dat file utilizing document identifier numbers to express parent document/child attachment boundaries, folder boundaries, and other groupings. In addition, the searchable text of each document shall be provided as a multi-page text file as provided for by these requests.

**ORDER GRANTING AUTHORITY TO ISSUE SUBPOENAS FOR THE
PRODUCTION OF DOCUMENTS AND THE EXAMINATION OF WITNESSES**

This matter came before the Court on the motion (the “Motion”)¹ of Irving H. Picard, Esq. (“Trustee”), as Trustee for the liquidation of the business of Bernard L. Madoff Investment Securities LLC (“Debtor”), for an order authorizing the Trustee to compel the production of documents and the testimony of witnesses through the issuance of Rule 2004 Subpoenas without further order of the Court and establishing procedures in connection with such subpoenas, as more fully described in the Motion; and the Court having jurisdiction to consider the Motion and the relief requested therein; and it appearing that the relief requested by the Motion is necessary and in the best interests of the estate, its customers, its creditors, and all parties in interest; and due notice of the Motion having been given, and it appearing that no other or further notice need be given; and the Court having determined that the Trustee articulated good cause for the relief requested in the Motion; and the Court having determined that the legal and factual bases set forth in the Motion establish just cause for the relief granted herein; and upon the proceedings before the Court and after due deliberation,

IT IS HEREBY ORDERED THAT:

1. The Motion is granted.
2. The Trustee hereby is authorized to issue and serve Rule 2004 Subpoenas for examinations pursuant to Bankruptcy Rule 2004 without further order of the Court.

4. The Trustee shall cooperate fully with the U.S Department of Justice, and any other federal agency designated by them (collectively, the "Government"), in any matter that the Government is currently or in the future may be investigating regarding the Debtor, its management or its financial condition. The Trustee shall use best efforts to coordinate with the Government in order to avoid unnecessary interference with any investigations conducted by the Government. The Trustee will follow a reasonable protocol to be established jointly with the Government for the sharing of information and such sharing shall be subject to appropriate conditions to protect the Debtor's estate, including but not limited to, the preservation of the attorney-client privilege and protections of the work product doctrine. If the Trustee and the Government disagree as to the appropriateness of a proposed action to be taken pursuant to this Order, the Trustee reserves the right to seek a determination from the Court.
5. The Trustee shall file with the Court an affidavit or declaration of service for each Rule 2004 Subpoena he serves.

¹ Capitalized terms not otherwise defined herein shall have the meanings given to them in the Motion.

6. Recipients of a Rule 2004 Subpoena and any party in interest shall have ten (10) days after any Rule 2004 Subpoena is served to object to and/or seek to quash such Rule 2004 Subpoena.

7. Recipients of a Rule 2004 Subpoena are directed to produce, on a rolling basis, all responsive documents within ten (10) days of the service of the subpoena (unless otherwise agreed by the Trustee), subject to any documents withheld under a claim of privilege.

8. If a witness withholds any documents based upon a claim of privilege, the witness shall provide counsel for the Trustee with a privilege log containing the information required under Bankruptcy Rule 7026(a)(5), within ten (10) days of the service of a subpoena upon that witness (unless otherwise agreed by the Trustee).

9. Recipients of a Rule 2004 Subpoena are directed to submit to oral examination upon reasonable notice and, absent other agreement with the Trustee, in no event more than fifteen (15) days from the service of a deposition subpoena upon the recipient of said subpoena.

10. This Court shall retain jurisdiction with respect to all matters relating to the interpretation or implementation of this Order.
